SPA MONTAGE DEER VALLEY

PARK CITY, 435-604-1300, spamontage.com

In a mirroring of the art world, one might discern that spa culture has become a contest of lavish wordplay. To wit, the utterly ethereal-sounding offerings of the new Spa Montage Deer Valley: Lithely Limbs, Earthly Matters, Transpiration, The Art of Breath! In the luxurious resort, which flaunts views of spectacular Deer Valley (the skier's godhead destination), the 35,000-square-foot spa draws on the healing qualities of the surrounding nature to create a celestial but earthbound therapeutic (or perhaps just sybaritic) experience. —KEN SCRUDATO
